

Why You Should Support Kreider Alliance

The 2017 – 18 Membership Drive for Kreider Alliance is underway. We reflect on how far services have come since our start 65 years ago.

Persons with disabilities are no different from others who set goals and want meaningful experiences. Whether it's being employed, going on vacation or learning a new skill, those activities are personal and meaningful!

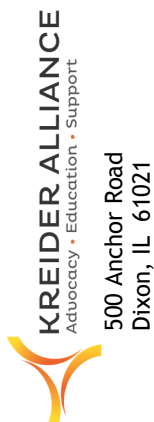

It continues to be an exciting time for Kreider Alliance. During the past 65 years, this advocacy organization, as well as Kreider Services, has grown by leaps and bounds. A driving force for the Kreider Alliance continues to be offering advocacy, education and support to all communities served by Kreider Services.

As a member of Kreider Alliance you can:

- Share in our successes to help people with disabilities live meaningful lives to their fullest potential.
- Make your voice in Springfield louder with legislation in regards to the rights for people with disabilities.
- Receive information about local trainings and events.
- Participate in quarterly meetings which are open to parents or guardians of people with disabilities.
- Receive Kreider Services' print and electronic newsletters which will keep you informed of new projects, fundraisers and programs.
- Help support a very worthwhile cause. Please join our membership today.

Advocacy, Education, Support

Kreider Alliance

In 1952, the organization that would become Kreider Alliance was started by a group of parents who did not want to place their children in a state institution. It was a simple classroom with four students. Today, Kreider serves over 600 people in all its programs. The organization has changed its name several times but keeps the same mission. Kreider Alliance is the not-for-profit founding organization of Kreider Services.

Kreider Alliance is committed to:

- ◆ Educating the general public about intellectual and developmental disabilities
- ◆ Supporting Kreider Services and their mission, vision and values
- ◆ Advocating for inclusion of people with disabilities
- ◆ Providing support to people with disabilities, their parents and families
- ◆ Supporting fundraising events to help maintain facilities and activities for Kreider Services
- ◆ Providing training events to educate professionals, teachers, parents and guardians
- ◆ Nurturing future professionals in the Human Service fields by offering scholarships to local college students
- ◆ Working with key stakeholders and legislators to protect rights and improve services to people with intellectual and developmental disabilities

Your membership is needed...

NOW more than ever.
