

We've Come A Long Way

Providing Advocacy, Education, Support and Services to
People with Disabilities in Northern Illinois for 65 Years.

We have come a long way since 1952!

Kreider Alliance, formerly the Arc of Lee County, is celebrating its 65th Anniversary of providing **advocacy, education** and **support** for people with disabilities! It could have only been done with support from our community. Thanks for your support over the past 65 years!
