What is Kreider Alliance?

In 1952, the non-profit organization that has become Kreider Alliance was started by a group of parents that did not want to place their children in an institution.

Today, Kreider Alliance supports the programs of Kreider Services which serves over 600 adults and children with developmental and intellectual disabilities in Northern Illinois. Kreider Alliance, located in Dixon, Illinois, is a past member of The Arc.

Persons with disabilities are not different from others who set goals and want meaningful experiences. Whether it's being employed, going on vacation or learning a new skill, those activities are personal and meaningful.

For the past 75 years, this advocacy organization, as well as Kreider Services, has grown by leaps and bounds.

A driving force for the Kreider Alliance continues to be offering advocacy, education and support to all communities served by Kreider Services.

It continues to be an exciting time for Kreider Alliance. Your membership matters. Please consider to invest in us by collaborating in our mission to provide for individuals with disabilities in Northern Illinois.

I would like to become a Kreider Alliance member.
